ASC Finance, Accounting and Reimbursement Seminar

Ambulatory Surgery Center Administrators, Nurse Managers and Business Office Managers face unique challenges in managing the financial aspects of an ASC. Join us for this intensive, two-day virtual conference to discuss all aspects of Finance, Accounting and Reimbursement in the ASC setting sponsored by Coding Compliance Management, LLC and the ASC Podcast with John Goehle. This conference is ideal for anyone interested in understanding basic finance principles as well as those that know finance but want to learn more how it differs in the ASC setting. The conference also will provide an understanding of reimbursement and coding in the ASC setting. We are applying for AEU for CASC Certified Administrators and CEUs for Physician Practice Managers, Coding, and Billing professionals certified through AAPC.
